

PM-SETU ToT Programme at NSTI Bhubaneswar during September-2026

07–11 September 2026 | NSTI Bhubaneswar | Trade: Electrician

The **1st batch of the PM-SETU Training of Trainers (ToT) Programme** was successfully conducted at NSTI Bhubaneswar from **07 to 11 September 2026**, focusing on **AC & DC Motors and Controls**.

The programme was inaugurated by **Shri Gautam Chandra Saha, Regional Director/HOD, RDSDE Odisha/NSTI Bhubaneswar**, in the presence of **Shri A. K. Gupta, DD/HoO**, **Shri R. Kanna, AD**, **Shri. A.K. Garnayak, TO/Course Coordinator**, other officers, domain experts, staff members and deputed Government ITI instructors.

A total of **15 Government ITI instructors from Odisha, Jharkhand and Chhattisgarh** participated in the programme, gaining exposure to advanced technical concepts, practical applications and industry-oriented practices in the domain of electrical motors and controls.

Industry Exposure

As part of the programme, the participants also undertook an **industrial visit to the MEMU Car Shed, Khordha Road, Jatni (Railway)**. The visit provided valuable practical exposure to the participants and helped them connect classroom learning with real-world industrial applications.

Successful Completion

The five-day ToT programme concluded with a **valedictory programme**, marking the successful completion of the first PM-SETU ToT batch at NSTI Bhubaneswar. The Regional Director /HOD distributed the course completion certificates to the participants. The programme reflected the

commitment of **RDSDE Odisha** and **NSTI Bhubaneswar** towards strengthening the technical capabilities of ITI instructors and promoting industry-relevant skill development under the PM-SETU initiative.

21–24 September 2026 | NSTI Bhubaneswar | Trade – COPA/CSA

The **PM-SETU Training of Trainers (ToT) Programme** on “**Python for Data Science & Machine Learning**” was successfully conducted at **NSTI Bhubaneswar** from **21 to 25 September 2026** for Government ITI instructors from **Odisha and West Bengal**.

The programme was inaugurated by **Shri Gautam Chandra Saha, Regional Director/HOD, RDSDE Odisha**, in the presence of in the presence of **Shri S.S.Vasant, DD/HoO**, **Shri./Dr. A.R.Prusty, TO/Course Coordinator**, other officers, domain experts, staff members, trainees and deputed Government ITI instructors. The five-day programme focused on strengthening the trainers’ capabilities in **Python programming, Data Science and**

Machine Learning, enabling them to bring emerging digital technologies into the classroom and training ecosystem.

Industry Connect:

As part of the programme, an **industrial visit to Odisha Computer Application Centre (OCAC), Department of Electronics & Information Technology, Government of Odisha**, was organised for the participating instructors.

The visit provided valuable **real-time exposure to State Data Centre infrastructure and operations, State Cyber Security Operations Centre (CSOC)** and other network installations. The interaction helped participants understand how data, computing infrastructure and cybersecurity technologies are deployed in real-world government operations.

Successful Completion

The programme concluded with a Valedictory and Certificate Distribution Ceremony, **celebrating the successful completion of the ToT programme and recognising the participation and learning achievements of the instructors.**

The programme served as an important step towards **equipping ITI trainers with future-ready digital skills** and strengthening the capacity of vocational training institutions to respond to the rapidly evolving technology landscape.
